

PICTORIAL SPACE - Ein österreichischer Raum für den Osten

PICTORIAL SPACE – An Austrian Space for the East

The Austrian Cultural Forum Belgrade has the pleasure to host the „Pictorial Space“ exhibition, that will be open on 3 November 2008 at 7 pm, at the Austrian Cultural forum Belgrade premises in Kneza Mihaila 22, 2nd floor. The exhibition will be on until 12 December 2008.

This selection illustrates the situation of contemporary painting, which is undergoing the process of analytical and radical deconstruction of “optical” space and the creation of new, “digital” space. The exhibition is on its European tour. Before Belgrade, it was shown at “Tatranska” Gallery in Poprad, Slovakia. The following destination is the Győr City Museum in Hungary.
